Turmoil Branded Friend of 'Isms'

Political strife in San Mateo County's governmental system has proven an open invitation to subversive groups which have wasted little time in taking advantage of the situation, it was declared today in a joint statement issued from the Citizen's Charter Amendment Committee headquarters.

The organization is county-wide and made up of representative citizens who have organized in sponsorship of the charter amendment to be voted upon in the election next Tuesday to do away with the present dual-management system of government.

The statement released was as follows:

"Since the post of County executive became elective instead of appointive, as was originally intended by the freeholders who drew up the charter more than six years ago, the office has created nothing but confusion and disorderly government."

"The job, at $6000 a year, has been stripped of many important administrative powers it carried when it was an important appointive office in the charter system."

"The County Executive has retained enough duties to create unnecessary, dual, freakish, county government. One man is in this manner placed in the position to stubbornly throw into confusion every constructive and progressive function of county business."

"In the past year this lamentable situation has been accentuated and San Mateo County's good name has been blemished by the worst political strife in its history—a situation which has been an open invitation to subversive groups who have wasted little time in the sabotage of our governmental system.

"The Charter amendment is the sole solution to our problem since it will remove the weakest link in our governmental system and restore political health to our county, of which we are all so proud."

MENLO PARK NEWS NOTES

ARMISTICE DAY FETE

Nearly all preparations for the Armistice Day celebration in Menlo Park are completed. The big parade is to start at the square in front of the depot and continue up El Camino Real and Valparaiso Ave. to Fremont Park on Santa Cruz Ave. where the literary exercises are to be held. The orator of the day is to be former Sen. S. M. Shortridge. A barbecue at the Menlo Park Hotel will follow the literary program. The committee in charge of the celebration expects 3000 people in Menlo Park that day.

Tuesday evening the children of the city were entertained at the Menlo Park Hotel grounds by the Lions Club of Menlo Park. Over 1000 youngsters enjoyed the affair, replete with ice cream, cookies and entertainment. The oldsters also enjoyed the occasion by a dance and light refreshments. "A good time was had by all."

James D. O'Kane will leave shortly for San Francisco to spend the Winter. During his absence his home will be occupied by Father McKeon and his assistant. Work on the new parish house is to start when the plans are completed and approved by the archbishop. The new building is to be a Spanish style of architecture and will be the finest parochial residence on the Peninsula.

The city council at a meeting held last week, agreed by a 3 to 2 vote to lease the old bank building on the corner of El Camino Real and Santa Cruz Ave. for a city hall at a rental similar to that now being paid for the present quarters. The new owner of the bank structure is engaged in remodeling the interior suitable for the transaction of the city's business. The personnel of the board of trustees will remain the same.

It is estimated the election on Nov. 7 will bring out an 85 per cent vote. Those favoring Ham and Eggs will come to the polls en masse and those opposed will also turn out in large numbers. The $10,000 bond issue is sure to bring out a full quota. Many favor it but it is believed the bonds will be defeated inasmuch as it takes a two-thirds vote to put it over. The money to be raised is to be used to repair the recreation grounds about one mile from town.

Edward Derry, the local business man and capitalist, was at Treasure Island this week to secure hauling contracts in the event the exposition closes permanently. Dr. Strub, the manager, has informed friends in Menlo Park that the exposition probably will open next May. The doctor is a resident of Menlo Park.

Dr. Guy Manson and his talented and beautiful wife motored up from Fresno Sunday to visit their two sons who are students at Interdale, a Stanford preparatory school for boys at Portola. The party, together with Mrs. Dorothy Fredericks, enjoyed the day at Treasure Island, lunching at the Yerba Buena Club of which Mrs. Manson is a charter member and director.

The will of the late Mary E. Barry was admitted to probate in Redwood City this week. Miss Barry, a teacher in San Francisco for nearly 40 years, retired four years ago and lived in a cottage near the monastery to be by her niece, Sister Imalda. The estate is valued in excess of $10,000. She left a trust fund from which $30 a month is to be paid Sister Imalda and at her demise the remainder of the funds will go to an old friend, Miss Lynch.

The many friends of Mrs. Eugene Crane will be pleased to learn she is recovering from her recent severe illness.

Road Projects Are Periled

San Mateo County will lose $777,000 in highway construction, more than half a million of it being on the Shoreline Hwy., should Proposition No. 1 carry at next Tuesday's election, it was contended today by the State Department of Public Works at Sacramento.

The sum of $395,000 is estimated for 9.9 miles of grading and surfacing from Tunitas to Lake Lucerne on the Shoreline route, whereas on the same road $125,000 calls for two bridges over San Gorgonio and Pescadero Creeks. One and one-tenth of grading and paving from Broadway, Redwood City, to Hazel Ave. calls for $217,000, and to replace six culverts on Bayshore Hwy. between South San Francisco and Burlingame $40,000 had been allocated.

This work is listed on the major project schedule, much of it due to receive federal aid funds to match those of the state. Warning has already been sounded by Washington that no federal help will be forthcoming unless California puts up actual cash for its share. Substitution of retirement warrants, or Ham and Eggs stamp-scrip, will not be tolerated, according to advices from Sacramento.

Contractors have already served notice on the state that they will cease work immediately should the 30-Thursday scrip be tendered in lieu of cash. This situation applies to all construction work alike, whether falling within the federal aid provisions or otherwise.

Abandonment of this work by the state would spell irreparable loss to not only the immediate communities affected but to contractors and workers who have been looking forward to the early expenditure of the money in this and neighboring counties, the department contended.

BLONDIE AND FAMILY AT REDWOOD

It's Arthur Lake as "Dagwood," Penny Singleton as "Blondie," Larry Simms as "Baby Dumpling," and Daisy, their dog, as they appear in Columbia's "Blondie Takes a Vacation," opening at the Redwood Theater Sunday. This time the Chic Young comic strip family go away on a vacation, but instead of relaxation they plunge right into the most exciting adventures of their lives. "Stanley and Livingstone" will be the featured attraction, star-

New addresses listed at the Redwood City Water Department include Herbert Rossell, Oak Knoll Dr.; C. D. Bates, 418 Stambaugh St., and C. Preston, 516 Vera Ave.

Let a Classified Ad sell it for you.

Menlo Park Leases Store for City Hall

MENLO PARK, Oct. 31.—Decision to move the Menlo Park city hall to a new location was made last night by the city council.

As a result, the new city hall will be the former bank building at Santa Cruz Ave. and El Camino Real. The change will take place in January, 1940.

The United States Military Academy at West Point was established in 1802.

GEORGE THINKS RESEARCH IS MAYBE SILLY

Dear Johns-Manville Redwood City Plant

I understand your company employs many research men. What's the good of this? Wouldn't it be better if your company divided this money among its REAL workers?

GEORGE CITIZEN

HOW THE RESEARCH BOYS MAKE JOBS

Dear George

"What good is a guy in a laboratory to a guy at work in a factory?"

"Is that what you mean to ask, George?"

"He just fools around," maybe you think.

Well, the work of a research man may seem like monkey-business to some folks.

Some folks may wonder why a company "wastes its money" in research. Research is so *theoretical*. "It ain't practical."

Those fellows in there in white coats, bent over microscopes and playing with bottles and test tubes and retorts might just as well be making mud pies—somebody may say.

Yes, sometimes it looks that way, but the fact is that about *43 per cent of the goods my company sold in 1938 were the result of its research, development and expansion program in the 10 years previous.*

That means that somewhere close to half of its factory jobs were made possible by this program.

So one way of looking at it, any one of my workers can figure that about half of his own work — and half of his pay — are the result of my company's research and development.

Just last year, the addition of two new J-M plants was made necessary by the creation of new products by my company's research men. I mean Marinite and Marine Sheathing for fireproof ship construction, and a new type of insulation for railroad cars, airplanes, air-conditioning systems and mechanical refrigeration. And development work in improving another product — insulating board — resulted in the building of still a third new plant. Thus research is giving jobs to several hundred more persons in three new J-M factories.

At the same time additional hundreds of jobs have been provided in existing J-M plants and everybody's job has been made more secure by the research boys' success in improving existing products and thus keeping my company ahead of competition.

The boys in my company's research department may look like tinkerers to some folks, but they're the lads who may have made Bill Jones' job today, and they're making jobs for thousands of Bill Joneses sons and daughters tomorrow.

'FIVE TOWNSHIP CLUBS' SUPPORT AMENDMENT ON NOV. 7 BALLOT

So that "the chaotic condition existing in our county government may be eliminated, thereby bringing about the orderly and efficient administration of said government," the Five Township Clubs of San Mateo County have indorsed the San Mateo County Charter Amendment proposition on the Nov. 7 ballot.

Allan B. Gould, president, and C. J. Pettigrew, secretary, of the organization, formed in the north end of the county, said that a resolution to support the amendment was passed at the organization's meeting Sunday.

"We are prompted by a desire to render more substantial the governmental structure and more efficient the administration thereof," the resolution stated. "We are impelled by the belief that fair, constructive comment and open publicity assure honesty in the administration of public affairs. We declare the purpose of our organization to be the ultimate attainment of county government dedicated to the efficient, constructive and economical administration of county affairs."

As a result, the resolution stated, the Five Township Clubs "indorse the county charter amendment abolishing the office, powers and duties of the county executive and recommend its adoption so that the chaotic condition existing in our county government may be eliminated, thereby bringing about the orderly and efficient administration of said county government."

The charter amendment is favored by this newspaper and by a "Citizens Committee for Charter Amendment," of which Atty. E. H. Cosgriff is chairman and Alice H. Van Bergen secretary.

Check Artist Given 50-Day Jail Term

Barney Musso, 32-year-old truck driver who confessed to San Mateo police that he escaped from the state narcotics hospital at Patton in April, pleaded guilty Monday to passing fictitious checks in Redwood City. He appeared before Judge A. R. Cotton, waived time for sentence, and was ordered to serve 50 days in county jail less 35 days already served. Musso is wanted on similar charges in Gilroy, Watsonville and San Bernardino, according to the sheriff's office.

Richard E. Roberts, North Fair Oaks, accused of drunk driving with a prior conviction, admitted his guilt and asked probation. The case was continued two weeks.

A NICE, BIG FIRE

CUMBERLAND, Md. (AP)—Members of the Guy F. Long family hiked into the woods for a bonfire and wiener roast, but they needn't have gone so far for their fire. They arrived home to find living room furniture ablaze.

Waters Deposition Hearing Postponed

Taking of the depositions of James F. Waters, San Francisco automobile distributor, and Mrs. Pauline Cairns, former caretaker of his Woodside estate, was postponed to Nov. 20 by Judge Maxwell McNutt after a brief hearing Tuesday.

Save California From Disaster!

Northern California Citizens Against 30-Thursday
111 Sutter Street, San Francisco

"What a beautiful new floor lamp!"
A three-light bulb big enough to do a real lighting job. 100-200-300 watts for the average room. 200-300-500 watts for rooms with high ceilings.
A diffusing bowl under the shade provides pleasing light—softly diffused and without glare. Diffused light is comforting to the eyes.
A shade with a white lining produces one-third again as much light as one with a dark colored lining. Ideal reading light at all times.
"Yes, it is amazing how it changed my whole living room!"
When you buy a lamp for your home, make sure it will be able to produce enough light and the proper kind of light for comfortable seeing. Such a lamp is pictured here. Note the three important essentials of this I.E.S. Better Sight Lamp. And if you will remember these three points you will be getting a lamp that gives you your money's worth in proper lighting. It is a real pleasure to read and work by the light of a lamp that gives enough of the right kind of light. You will be delighted, too, how it will make a room glowingly radiant and beautiful.

San Carlos Pastor's Brother Passes Away

SAN CARLOS, Oct. 30—John E. Crampton, brother of the Rev. Harold Crampton of St. Charles Catholic Church, San Carlos, died in San Francisco Saturday. He was the husband of Catherine Crampton, father of Catherine and Harold Crampton, and son of the late James and Catherine Crampton.

He was the brother of James Crampton, the Rev. Father Crampton, and Mrs. Mary Parhan. The deceased was a native of San Francisco and a member of the American Legion and of the Painters' Union, Local 19.

The remains are at the Gantner, Felder & Kenny Chapel, San Francisco.

The prohibition party was organized in 1869.

THANK GOODNESS! That Trouble With Your Hearing Doesn't Always Mean That You Are GOING DEAF!
Are you worried by poor hearing, by buzzing, ringing head noises, or embarrassed because you're shut out of things that are going on? Cheer up. Poor hearing may not mean you are really going deaf. Often the cause is a septic ear condition, or perhaps sound-obstructing hardened accumulations. Users report that a few drops in each ear night and morning of the remarkable
OURINE Famous Ear Drops
quickly softened up the hardened ear-matter, cleared head noises, relieved the septic condition, and to their great joy, enabled them to
HEAR WELL AGAIN!
Test OURINE at home free. Get it at your drug store. Use as directed. Happy results must be yours or your money back. Ask us about OURINE TODAY. $1.39
